

RED HOT CHILI PEPPERS
the GETAWAY

Red Hot Chili Peppers – The Getaway (2016)

"The Getaway"

That's right you're right
We will do our thing tonight alright
Take me through the future
It's time you're fine
Just another color coded crime
Incision and a suture
You told my friend
We would get it on no matter when
A supercavitation
Let's go you show
Me something no one will ever know
A love hallucination

Another lonely superstar
To get away inside your car
Take it much too far
Surrender to the brave inside
A lover that another tried
Take it, too my ride

You don't have to keep it if it's mine
(Another lonely superstar to getaway inside
your car)
Another place maybe another time
(Surrender to the brave inside a lover that
another tried)

Complete repeat
Sitting in your car and on your street
Lost in California
Let's steal this wheel
Take a spin to find out how we feel
Just around the corner
Slow down for sound
Turn it up and no we can't be found
The body that we transcend
Asleep, you sleep
Find out that the trick is never cheap
A melancholy girlfriend

Another lonely superstar
To get away inside your car
Take it much too far
Surrender to the brave inside
A lover that another tried
Take it, too my ride

You don't have to keep it if it's mine
(Another lonely superstar to getaway inside
your car)

Another place maybe another time
(Surrender to the brave inside a lover that
another tried)

That's right you're right
We will do our thing tonight, alright
Drive the constellation
It's time you're fine
Just another color coded crime
The song is fascination

Another lonely superstar
To get away inside your car
Take it much too far
Surrender to the brave inside
The lover that another tried
Take it, too my ride

A May December might not be so smart
(Another lonely superstar to getaway inside
your car)
Arrivals that we wish would not depart
(Surrender to the brave inside a lover that
another tried)

Don't be late cause you're my savior
Make it great whatever stays
Golden gate my rearranger
Hold my name inside your rays

"Dark Necessities"

Coming on to the light of day
We got many moons that are deep at play
So I keep an eye on the shadow smile
To see what it has to say

You and I both know
Everything must go away
What do you say?

Spinning off, head is on my heart

Red Hot Chili Peppers – The Getaway (2016)

No one ever wants to die alone
Thinking that a pretty gift could
Make you less unknown

Dirty sneakers on the pavement
The brilliant features of a common man
See the miracle of your life
No one ever can

I'm a lonely lad
I've lost myself out on the range
I don't remember much
So don't ask me I've gone insane

See the world go by
The changes that we entertain
I don't recall it all
Remember I have gone insane

Red Hot Chili Peppers – The Getaway (2016)

"The Hunter"

Woke up this morning like I always do
I still like to think that I'm new
Time just gets its way
Strawberries left to decay

Can't find my pants or my bank account
Don't you slip away
Voices that start to betray

Even though you raised me I will never be
your father
King of each and every Sunset Marquis
Even though you're crazy you will never be a
bother
You're my Old Man In the Sea

I still like to laugh when I make a joke
I still like to think that there's hope
Time just has its say
Strawberries left to decay

Struck by the sight of an empty hall
Don't you fade away
Voices that start to betray

Even though you raised me I will never be
your father
King of each and every Sunset Marquis
Even though you're crazy you will never be a
bother
You're my Old Man In the Sea

The hunter gets hunted
We all get confronted
Don't just slip away
Voices that start to betray

Even though you raised me I will never be
your father
King of each and every Sunset Marquis
Even though you're crazy you will never be a
bother
You're my Old Man In the Sea

"Dreams Of A Samurai"

Standing naked in your kitchen
Feeling free that I could be alive
Clearly I'm a contradiction
Too young to be my wife

A peaceful storm is never hectic
Her mellow voice that I could be within
The uniform is anorexic
A jealous choice won't win

A metamorphosis samurai
Y'got a little lord fish and I don't know why I
got a
Metamorphosis samurai

Paint your face cause I'm a black foot
I thought I counted up the fireflies
Close enough to get a good look
Time to mobilize

A metamorphosis samurai
Y'got a little lord fish and I don't know why I
got a
Metamorphosis samurai

I'm a lonely lad
I've lost myself out on the range
I don't remember much
So don't ask me I've gone insane

Taking acid in a graveyard
Stealing food to keep the night alive
Every day I try to play hard
Even with my lies

The day they found you on a tour bus
The news was barren as a desert bone
The tabloids made a kind of small fuss
A couple pictures shown

I'm a lonely lad
I've lost myself out on the range
I don't remember much
So don't ask me I've gone insane

Slowly turning into driftwood

Red Hot Chili Peppers – The Getaway (2016)

It's like a bit of light in a touch of dark
You got sneak attack from the zodiac
But I see your fire spark

Yeah

Keep the breeze and go
Blow by blow and go away
What do you say?

You don't know my mind
You don't know my kind
Dark necessities are part of my design
Tell the world that I'm falling from the sky
Dark necessities are part of my design

Yeah

You don't know my mind
You don't know my kind
Dark necessities are part of my design
And tell the world that I'm falling from the sky
Dark necessities are part of my design

"We Turn Red"

Stumble down to the parking lot
You got no time for the afterthought
They're like ice cream for an astronaut
Well, that's me looking for we

We got large and we got small
We got a swimming pool and a cannon ball
We turn red and we turn green
It's the craziest thing I've ever seen

Turn the corner and
Find the world at your command
Playing the hand

Lost my mind 'cause I'm on the plastic
Who knew it's so damn drastic
Show me what it is you believe in
Slowly she sinks all her teeth in
Do you want to go fishing in New Orleans?
Do you want to get up early in the morning?
Take me to the river where we do the little
storming
Hallelujah, I feel it warming

Yeah

You don't know my mind
You don't know my kind
Dark necessities are part of my design
Tell the world that I'm falling from the sky
Dark necessities are part of my design

Sitting here I count the moans
The orders we obeyed
Every night 'fore we go to bed
I watch while the others pray

Do you want this love of mine?
Darkness helps us all to shine
Do you want it? Do you want it now?

Send it off through Delaware just
Make it fair for the legionnaires
Paint a simple portrait of my kind
Permission to the heartless bombs
Gold Plated Hate and the waitress moms
Serving up the stories of my mind

Do you want it all the time?
But darkness helps us all to shine
Do you want it? Do you want it now?

Pick you up like a paper back
With the track record of a maniac
So I move it in and we unpack
It's the same as yesterday

Mexico, you are my neighbor
Home of the let's be braver
Give me all your sick and your tired
Races that we admire
Do you want to go dancing in Chicago?
Trinidad's got it bad for Tobago
Take me to the lake where we do the
Avocado

Any way we roll
Everything must go away
What do you say?

Red Hot Chili Peppers – The Getaway (2016)

Hallelujah, a desparado

Sitting here I count the moons
The orders we obeyed
Every night 'fore we go to bed
I watch while the others pray

Send it off through Delaware just
Make it fair for the legionnaires
Paint a simple portrait of my kind
Permission to the heartless bombs
Gold Plated Hate and the waitress moms
Serving up the stories of my mind

Coming down from the deserts where you
Caught a glimpse of the billionaire
Tell me I'm the right one for the ride
Paper signs out on the lawns
Gold minds and the priceless pawns
Does your canyon really open wide?

We got large and we got small
We got a swimming pool and a cannon ball
We turn red and we turn green
It's the craziest thing I've ever seen

"The Longest Wave"

Throw me all around
Like a boomerang sky
Whatever you do
Don't tell me why
Poppies grow tall
Then say bye bye
The wave is here

A seamless little team
And then we tanked
I guess we're not so sacrosanct
The tip of my tongue
But then we blanked
The wave is here
Waiting on the wind
To tell my side

Ready set jet

But she never gets far
Listen to your skin
From the seat of my car
Two centipedes stuck
In one glass jar
The longest wave
Waiting on the wind
To tell my side

Whatcha want
Whatcha need
Do you love

Maybe I'm the right one
Maybe I'm the wrong
Just another play, the pirate, and the papillon
Time to call it a day

Maybe you're my last love
Maybe you're my first
Just another way to play inside the universe
Now I know why we came

Sterile as the barrel
Of an old 12 gauge
Under my skin
And half my age
Hotter than the wax
On a saxifrage
The longest wave
Waiting on the wind
To turn my page

Steady your sails
For the butterfly flap
Whatever you do
Don't close that gap
I'm dreaming of a woman
But she's just my nap
Your ship is in
Waiting on the tide so I can swim

Whatcha want
Whatcha need
Do you love

Maybe I'm the right one
Maybe I'm the wrong
Just another play, the pirate, and the papillon

Red Hot Chili Peppers – The Getaway (2016)

I must report that life is short
So of your love I'll take ten quarts well

There's no end to this
Don't pretend to miss
You and you would not repent for sitting on
my elephant and

Am I crazy to
Join the lazy zoo
All these human butterflies and
Cactus flowers swollen eyes and

I want the devil's share
Of you I do declare
Again I'm asking can I do
When all these animals want to be just like
you

I met a girl with long black hair and she
opened up so wide
A daffodil growing in Brazil and I picked her
for my bride

We are all just soldiers in this epic loving flight
And no one that I know has ever really done it
right

Done it right
Done it right
Done it right
Done it right

"Encore"

Listen to the Beatles and the sound of
laughing Ed McMahon, we got high
Educated by a world so full of self and lost in
space, too much pride
Cosmonauts and dirty thoughts are juggling
the juggernaut, Soviet Spy
Every now and then when I remember to
befriend, the little things in life

Hey you're fine
I wanna listen to the radio

Driving down Calexico highway
And now I know the signs for sure

Hold my hand
I want to share it all with Mary
Results are gonna vary now

Later on I'll read to you the things that I've
been needing to say goodbye
Walk away from mom and dad to find the love
you never had, tell no lies
Carry on and write a song that says it all and
shows it off 'fore you die
Take a little breath before you catch an early
death there is so much sky

Hey you're fine
I wanna listen to the radio
Driving down Calexico highway
And now I know the signs for sure

Hold my hand
I want to share it all with Mary
Results are gonna vary now

Skinny brains and little stains upon your
Face teenage remains tell me more
Lifted in the fifties when you really rather
drifted through time, let's soar

Hey you're fine
I wanna listen to the radio
Driving down Calexico highway
And now I know the signs, for sure

Hold my hand
I want to share it all with Mary
Results are gonna vary now

Red Hot Chili Peppers – The Getaway (2016)

"Detroit"

Detroit, I'm crazy I'm like
Detroit, I'm crazy
Everything's so hazy

Find me in the suburbs and
The shadow of decay
Rolling rings of rubber and
The band begins to play

"This Ticonderoga"

I met a man in a rock and roll band he said
won't you come with me
I let him know that I could not go you see I get
mine for free

Am I on the right side of the left side of your
brain
Can you see the rising of old yesterday's
remains
Funkadelic said it best I think you know the
rest
Time don't stand a chance against this motor
madness

We are all just soldiers in this battlefield of life
One thing that's for certain is my burning
appetite

Don't you worry baby I'm like
Detroit, I'm crazy
Don't you worry baby I'm like
Detroit, I'm crazy I'm like
Detroit, I'm crazy
Don't you worry baby I'm like

Step inside the emotional ride I could use
some company
Illusionary is so damn scary I call my best
friend Flea

The Stooges and J Dilla, yeah
They tore this town apart
Put me back together, well
I guess that's quite an art

This Ticonderoga is an element that shines
Connected by the great unknown between us
there are lines

Henry won the war you see
But not with pen or sword
He did it with the little thing I think it's called a
Ford

Yes I told her that
I'm the older cat
Can I scratch your back all day
I would not have it any other way, well

Funkadelic said it best I think you know the
rest
Time don't stand a chance against this motor
madness

Means so much to me
Can you see the we
What are we ever gonna do when all I want to
be is next to you

Don't you worry baby I'm like
Detroit, I'm crazy
Don't you worry baby I'm like
Detroit, I'm crazy I'm like
Detroit, I'm crazy
Don't you worry baby I'm like
Detroit, I'm crazy I'm like
Detroit, I'm crazy

I took a girl from the underworld and I held
her way too tight
When it's all been said and done she was not
up for the fight

Everything's so hazy I'm like

We are all just soldiers in this open field of
time
Hoping to get with you when you get right
with your mind

It's my favorite
So I savor it

Red Hot Chili Peppers – The Getaway (2016)

Time to call it a day

I know your days are numbered when it
comes to
Ayo ayo ayo ayo this life

Maybe you're my last love
Maybe you're my first
Just another way to play inside the universe
Now I know why we came

Slip away into the solar system
Straighter rays, you find a way to twist them
Some like it dark and now I know where to
Ayo ayo ayo ayo find you

Now I know why we came
Now I know

Serpentine, I think she was an Aussie
Bloody hell, a common kamikaze
Give up the ghost before you go under
Ayo ayo ayo ayo wonder

"Goodbye Angels"

Suicide a month before I met you
Deep regrets, I never could forget you
Somehow you made your way to my decade
Ayo ayo ayo ayo my girl

Kicking hard and looking for a rescue
Watch me starve was never to impress you
I would have killed the part of me to have you
Ayo ayo ayo ayo story

In the sun, I see you with your guard down
Number one, you're moving to a hard town
Do not dismiss the promise that you made me
Ayo ayo ayo ayo, my time

Say goodbye my love
I can see it in your soul
Say goodbye my love
Thought that I could make you whole
Let your lover sail
Death was made to fail

Overkill you took another red pill
On the sheet is everything that you spilled
We are the ones you want to know right now
Ayo ayo ayo ayo, black light

Babe I know love is a funny thing
Born to die in the eternal spring

Come again to murder your report card
Just a friend to kiss you in the court yard
You are the one I want to be stuck with
Ayo ayo ayo ayo big fight

Your flickering is more than just a small flame
Welcome to the party, it's a ball game
Pick up the stick it's time to get hit with
Ayo ayo ayo ayo my bat

Favor some
Way too young
Slave to none
Way too young

Suicide is never going to save you
When I cried, it was because I came too
You are the one I want to know right now
Ayo ayo ayo ayo kiss this

Say goodbye my love
I can see it in your soul
Say goodbye my love
Thought that I could make you whole
Let your lover sail
Death was made to fail

Sticky fingers find the way to take her
Crumple up another piece of paper

Red Hot Chili Peppers – The Getaway (2016)

"Sick Love"

Sick love is my modern cliché

Say goodbye to Oz and everything you own
California dreamin' is a Pettibon
LA's screaming you're my home
Vanity is blasted but it's rarely fair
I could smell the Prozac in your pretty hair
Got a lot of friends, but is anyone there

Openly defective is the lover you elected and
A portrait she was bound to portray

"Go Robot"

I don't know but it's been said
Your heart is stronger than your head
And this location is my home

I called the teacher cause I wanted to confess
it now
Can I make the time for me to come and get it
blessed somehow
She spoke to me in such a simple and
decisive tone
Her sweet admission left me feeling in
position from

Stick n move you're living in a quick world
Got a heavy laugh for such a tiny girl
Born into it that's for sure

I don't take these things so personal
Anymore, anymore
I don't think it's irreversible
Anymore

Rivers get connected, so much stronger than
expected well
Sick love comes to wash us away
Prisons of perspective, how your vision gets
corrected and
Sick love is my modern cliché

Somebody hooted and they hollered can I
buy a vowel
Don't let her catch you in the act of throwing
in the towel
And when it's not as it appears to be, the
flagrant foul
Can I put my fingers in your mouth before you
start to growl

People talk and tell you what you want to
hear
Do you really need another souvenir
Super heroes tend to disappear
Fame is just a trick you see an empty glass
Leave you feeling thirsty and so very fast
Chase your tail my baby it'll be your last

I don't think that it's so terrible
Anymore, anymore
I don't think that it's unbearable
Anymore

I don't know but it's been said
Your heart is stronger than your head
And this location is my home

Tell me now, I know that it just won't stop
You will find your flow when you go robot
I want to thank you and spank you upon your
silver skin
Robots don't care where I've been
You've got to choose it to use it, so let me
plug it in
Robots are my next of kin

Rivers get connected so much stronger than
expected well
Sick love comes to wash us away
Prisons of perspective, how your vision gets
corrected and
Sick love is my modern cliché

Sometimes I feel like I'm a sentimental
trooper

Rivers get connected so much stronger than
expected well
Sick love comes to wash us away
Prisons of perspective, how your vision gets
corrected and

Red Hot Chili Peppers – The Getaway (2016)

She cried so hard, you know she looked like
Alice Cooper

Last thing I remember there were tears of
blood and just not mine
Any other day and I would save you from this
cold decline

I don't think that it's so personal
Anymore, anymore
I don't think it's irreversible
Anymore

Everything they said about everything
Was a coming undone it's a life supreme
I do and I don't, well I do and I don't, Oh yeah

Tell me now, I know that it just won't stop
You will find your flow when you go robot

Feasting on the flowers so fast and young
It's a light so bright that I bite my tongue
I do and I don't, well I do and I don't, Oh yeah
The next dimension, show me in

I want to thank you and spank you upon your
silver skin
Robots don't care where I've been
You've got to choose it to use it, so let me
plug it in
Robots are my next of kin

We were moving in the world, expanding your
realities
A force of nature on the verge, commanding
abnormalities
Last thing I remember there was ringing in my
selfish ears
Twenty-Six a number much too small for
someone's golden years

I'm kissing high and low
Our bodies like two dominoes
Can I come and get you when I hit you in your
party clothes
Let's turn this cosplay holiday, what we obey
And now we're welcoming each other to this
cabaret

Everything they said about everything
Was a coming undone it's a life supreme
I do and I don't, well I do and I don't, Oh yeah

I don't think that it's so terrible
Anymore, anymore
I don't think that it's unbearable
Anymore

Feasting on the flowers so fast and young
It's a light so bright that I bite my tongue
I do and I don't, well I do and I don't, Oh yeah
The next dimension, show me in

Tell me now, I know that it just won't stop
You will find your flow when you go robot
I want to thank you and spank you upon your
silver skin
Robots don't care where I've been
You've got to choose it to use it, so let me
plug it in
Robots are my next of kin

You get a little bit more this time when
You give a little bit for your brother's kind
Like she always said, "Oh, Don't look back,
just look ahead"

"Feasting On The Flowers"

You sing a little bit stronger when you
Remember the song of your old best friend
Like she always said, "Oh, don't look back,
just look ahead"

I was walking through the streets I could not
hear my best friend call
He was feeling incomplete about to take his
final fall

Everything they said about everything
Was a coming undone it's a life supreme
I do and I don't, well I do and I don't, Oh yeah

Feasting on the flowers so fast and young
It's a light so bright that I bite my tongue
I do and I don't, well I do and I don't, Oh yeah
